

SUN·CHLORELLA®

Sun Chlorella® is a single-celled, freshwater green algae that helps to support every cell in your body.

Sun Chlorella® is a true superfood packed with over 20 different naturally occurring vitamins and minerals, antioxidants, Chlorella Growth Factor (CGF), and more chlorophyll per serving than alfalfa or wheat grass.

Millions of people take Sun Chlorella® every day for its remarkable power to help:

- Aid in your natural digestion and elimination process*
- Support your immune system*
- Rejuvenate the body at the cellular level*
- Maintain healthy cholesterol and blood sugar levels*
- Provide more energy*
- Joint and muscle health*
- Provide a good source of vegan-friendly Active Vitamin B12*

Sun Chlorella® uses the species of chlorella, Chlorella pyrenoidosa. Each chlorella cell wall has been pulverized using DYNO®-Mill technology to pulverize chlorella's tough outer cell wall using only pressure and speed while preserving the integrity of the nutrients inside. This method is a timeless technology still unmatched by any other, which ensures the highest absorption and digestion possible because the cell wall is 90% pulverized, not merely broken or cracked. We offer maximum digestibility versus other chlorella brands, making Sun Chlorella® the most digestible chlorella on the market.

Sun Chlorella® Comes in Tablets or Powder!

TABLETS *Now Informed Choice Certified!*

200mg Tablet

Our classic tablets. Recommended daily as an addition to any meal.

Not actual size

500mg Tablet

Larger size tablets give the same serving of chlorella in fewer tablets, but with the same natural goodness as our 200mg tablets.

Not actual size

POWDER *Informed Sport Certified and NSF Certified for Sport!*
